Health and Safety Responsibilities	8-14

Introductory Note

This safety policy is divided into two sections, namely the “Policy” section and the “Arrangements” section. The “Policy” section contains the general Company policy, in broad stroke form, to a variety of health and safety issues applicable to our operations. Organisation, arrangements and procedures (including assessment and documentation procedures) for putting the goals of the “Policy” section into practice are contained in more specific form in the “Arrangements” section. Although not specifically referred to in each “Policy” sub section, most of the items covered will have corresponding entries in the “Arrangements” section.

Compliance Review

The Health and Safety Policy shall be formally reviewed annually, or more frequently by Temple Safety, for as long as this Company retains their services. This review shall cover all sections of the Policy and shall ensure that:

a) the responsibilities reflect the current staffing of the Company;

b) the arrangements remain unchanged;

c) the safe working procedures are still applicable;

Additionally, the Policy shall be reviewed as necessary to reflect any changes in legislation, appointments or working methods and materials used.

Safety Programme

Temple Safety shall undertake an annual review of the Company’s Safety Programme to ensure that the Company is in compliance with the Policy. This review shall check that:

a) all the responsibilities allocated in the Policy are understood and are being performed;

b) the procedures set up in the Policy are being complied with and remain effective;

c) records, as required in the Policy, are being adequately compiled and retained;

d) all the necessary reports are being prepared and forwarded to the relevant persons within the Company and the relevant Enforcing Authorities;

and shall evaluate:

e) Management and employee attitudes to Health and Safety;

f) the effectiveness of the training carried out and the requirements for further training;

g) the effectiveness of the Policy to reduce the incidence of accidents, incidents, dangerous occurrences and ill health in the workplace.

The results of the review shall be compiled into a report for the Managing Director and shall include recommendations for the action to be taken to rectify any non-compliance.

Amendment Sheet

Record of Amendments

Issue No.	Date	Index Ref.	Brief Description of Amendment
One	04/2015		First Issue

Twelve	04/2025		Minor wording changes to policies and arrangements. Additional compliance Policies provided.
Thirteen	04/2026		Minor wording changes.

General Statement, Health & Safety at Work Act 1974

For

R S Services (Yorkshire) Ltd

It is the policy of the Company that, so far as is reasonably practicable, every possible step will be taken to ensure the health, safety and welfare of all employees at work, contractors and other people who may be affected by its activities. This duty extends to members of the public when interfacing with our work occurs.

The Company recognises its responsibilities for all its employees and its duty to do everything reasonably practicable to provide and maintain plant and equipment, systems of work, a workplace and working environment. The Company will meet all legislative requirements and ensure that the arrangements in place are updated to reflect changes to legislation.

It is therefore the Company's policy to assess all significant risk to employees and others which may arise from any of the Company's undertakings to develop and maintain preventive and/or protective measures which shall avoid or reduce risks to the lowest extent reasonably practicable.

Management accepts the responsibility for ensuring that all information, instruction, training and supervision necessary to ensure health and safety at work for all employees will be provided. It is also the Company's policy to encourage and insist upon the co-ordination of all employees by discussion and consultation with them and their representatives with a view to promoting and developing measures to ensure health and safety at work. All employees will be encouraged to be active in carrying out the policy.

Every employee of the Company has a clear and undeniable duty to take reasonable care of the health and safety of himself and his fellow workers or other persons who may be affected by his actions at work.

Successful implementation of this policy requires the whole hearted commitment of everyone in the Company and acceptance by individual employees of their responsibility to :-

a) store and use any machine, equipment, dangerous substances, transport equipment, means of production or safety device provided by the Company in accordance with any information, instruction and/or training provided, and;

b) inform the undersigned of any work situation which they reasonably consider represents a serious and immediate danger to health and safety, and of any matter which they reasonably consider represents a shortcoming in the Company's protection arrangements for health and safety.

It is the duty of every employee to co-operate with any other employee and the Company to enable all statutory duties and requirements to be fulfilled in full.

All persons are reminded that it is a criminal offence to misuse or recklessly interfere with anything which is provided in the interests of health, safety or welfare.

The Company stresses its commitment to health and safety to the extent that where wilful disregard for safe working practices by any employee seriously put at risk the health or safety of themselves or any other person this shall be considered as gross misconduct and may lead to the severest disciplinary action.

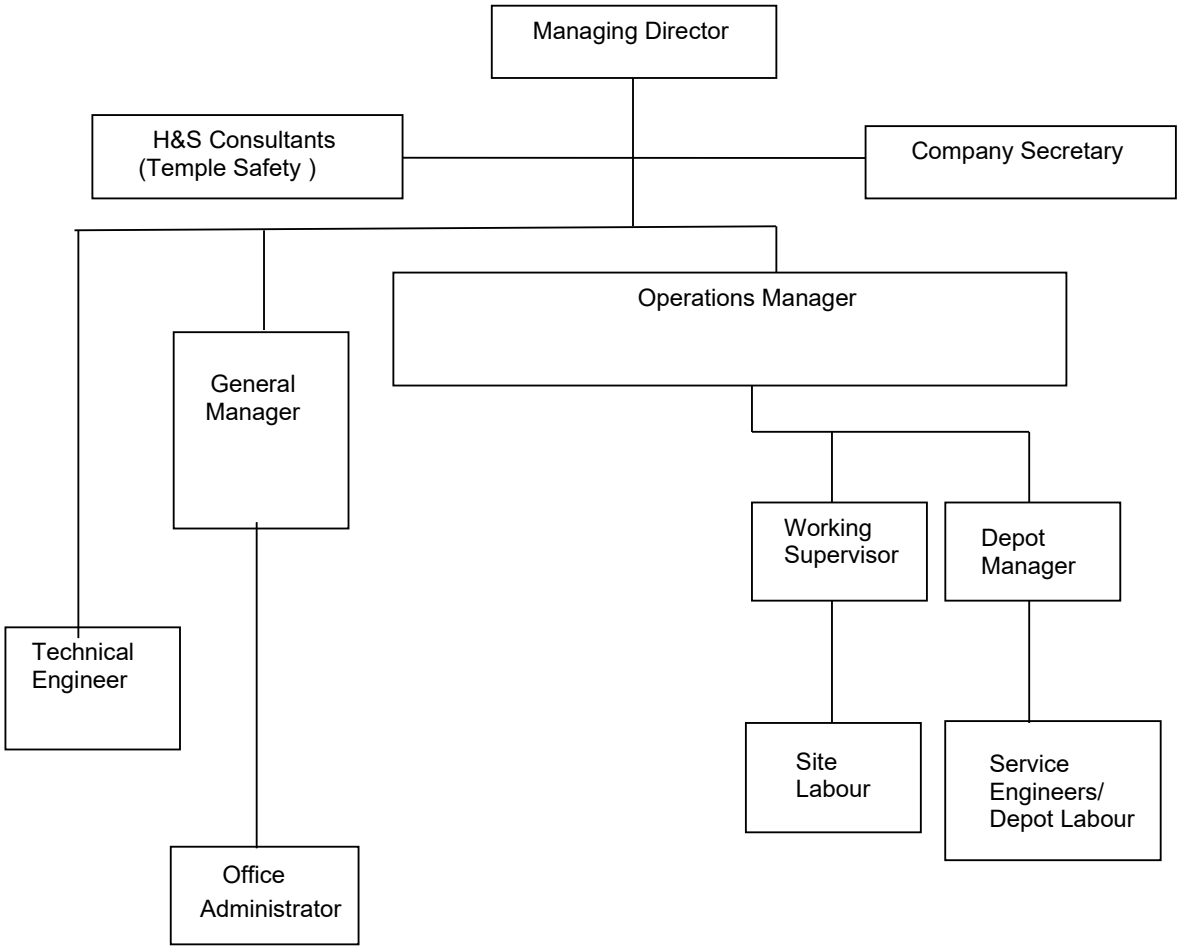

The allocation of duties for safety matters and particular arrangements which the Company will make to implement the policy will be reviewed annually. The review will also look at whether current targets and objectives are being met as well as the development of future initiatives to ensure continual improvement.

The person with overall responsibility for implementing this Policy is: Shaun Best - Director

Signature: 
Director

Date: April 2026

Management Structure for Health and Safety

Responsibilities

These responsibilities are to be read in conjunction with, and to be considered part of, the Health and Safety Policy.

g) They comply with environmental legislation;

h) They reduce waste;

i) They dispose of waste correctly to allow proper disposal and where possible recycling.

Trade Contractors

Trade Contractors are to comply with all the requirements of this Safety Policy and are to provide copies of their Safety Policies and any other documentation appertaining to health and safety, which may be requested by the Company or their Safety Advisers.

Failure to do so will render the Trade Contractor liable to suspension from the site and any financial penalties will be charged to that Trade Contractor.

Labour only sub-contractors shall, for the purposes of health and safety only, be considered as employees of the companies.

All work must be carried out in accordance with the relevant statutory provisions and taking into account the safety of others on the site and the general public.

Scaffolding used by Trade-Contractors' employees (even when scaffold erected for other contractors) must be inspected by their employer or a competent person appointed by their employer to ensure that it is erected and maintained in accordance with the regulations and codes of practice.

Trade-Contractor's employees are not permitted to alter any scaffold provided for their use, or use or interfere with any plant or equipment on the site unless authorised by their employer and the senior Temple Safety representative.

All plant or equipment brought on to site by Trade-Contractors must be safe and in good working condition, fitted with any necessary guards and safety devices and with any necessary certificates available for checking. Information and assessment on noise levels of plant, equipment or operations to be carried out by the Trade-Contractor must be provided to senior company representative before work commences.

No power tools or electrical equipment of greater voltage than 110 volts may be brought on to site. All transformers, generators, extension leads, plugs and sockets must be to latest British Standards for industrial use, and in good condition.

Any injury sustained or damage caused by Trade-Contractors employees must be reported immediately to the senior site representative.

Trade-Contractors employees must comply with any safety instructions given by the senior company representative

This company has engaged Temple Safety to inspect sites and report on health and safety matters. Trade-Contractors informed of any hazards or defects noted during these inspections will be expected to take immediate action. Trade-Contractors will provide the senior Temple Safety representative with the name of the person they have appointed as their safety supervisor.

Any materials or substance brought on site which has health, fire or explosion risks must be used and stored in accordance with Regulations and current recommendations and that information must be provided to any other person who may be affected on site. Assessment of risk associated with any substance or process hazardous to health which will be used on the site must be provided to the senior Temple Safety Limited representative before work commences.

Trade-Contractors are particularly asked to note that workplaces must be kept tidy and all debris, waste materials, etc. cleared as work proceeds

A detailed method statement will be required from Trade-Contractors carrying out site works. The method statement must be agreed before work begins and copies made available on site so that compliance can be maintained.

All Trade Contractors will be expected to be aware of their environmental responsibilities and ensure that measures are implemented to reduce waste and emissions and promote less sustainability, recycling and less harmful products.

Temple Safety

Temple Safety have been retained as the Company's Safety Advisers and shall:-

a) carry out site inspections, as requested by the Company;

b) provide written reports and assessments for the Company subsequent to the inspections;

c) provide a telephone advisory service relating to all aspects of health and safety at work;

d) ensure that the Health and Safety Policy and documentation, as prepared by them, is reviewed and updated as required;

e) by arrangement, provide an accident investigation service and liaise with the enforcing authority;

f) if requested, assess all method statements prepared by the Company;

g) if requested, attend meetings regarding health and safety, on behalf of the Company;

h) if requested provide Health and Safety Training to both management and staff;

i) Comply with environmental legislation;

j) Reduce waste;

k) Reduce transportation needs.
